

MULTILIFT

INTRODUCING MULTILIFT OPTIMA

LAUNCH BROCHURE

A NEW HOOKLIFT THAT IS SIMPLY RIGHT

When you work with straightforward, predictable tasks, why pay for more loading features than you need?

Now, we have developed the new MULTILIFT Optima 20-ton hooklift for when you simply need the right performance for fundamental loading tasks. With an attractive price for quality, you gain superior value for money. Add to that the ability to work faster and carry more payload than any other 20-ton hooklift, and the smart choice becomes an easy choice.

Here are just a few of the advancements you gain.

- **CapacitySpecific™** design gives you just the capacity you need.
- **ValueBuy™** provides an attractive price for quality.
- **Fast Performance™** increases your speed in operation.
- **EvoLight™** construction means more payload.
- **SafetyPlus™** boosts safety for both operator and surroundings.

MULTILIFT OPTIMA

FEATURES YOU CAN COUNT ON

The key to better business in routine tasks is reliability. With MULTILIFT Optima, you have exactly the functions you need. And they perform with precision clockwork over and over again, without fail.

Simply right

CapacitySpecific™ design gives you just the capacity you need

Optimized for working with predictable, repetitive loads, MULTILIFT Optima gives you dependable performance without going overboard with power that does not apply to your work.

ValueBuy™ provides an attractive price for quality

Every detail of the MULTILIFT Optima upholds the highest performance standards streamlined with exactly the functions you need for fundamental loading tasks. Giving superior value for money.

Fast Performance™ increases your speed in operation

Fast tipping and fast speed functions give a significant productivity boost.

EvoLight™ construction means more payload

MULTILIFT Optima is light, lean and tough. The lightweight steel construction gives more legal payload without compromising strength. That means customers can haul more while saving fuel and reducing CO₂ emissions.

SafetyPlus™ boosts safety for both operator and surroundings

Safety, both for the operator and surroundings, are paramount for MULTILIFT. The new MULTILIFT Optima hooklift provides state-of-the-art safety features.

BUILT TO PERFORM

Hiab is the world's leading provider of on-road load handling equipment. Customer satisfaction is the first priority for us. Hiab's product range includes HIAB loader cranes, JONSERED recycling and forestry cranes, LOGLIFT forestry cranes, MOFFETT truck mounted forklifts and MULTILIFT demountables, as well as DEL, WALTCO and ZEPRO tail lifts.

MULTILIFT

A NEW ERA OF STRENGTH AND CONTROL
INTRODUCING MULTILIFT ULTIMA

THE NEW ERA HA

MULTILIFT hooklifts have long been the market leader when it comes performance and reliability. With options for the full range of basic to extra demanding loading tasks, there has always been a MULTILIFT to fit any need.

But it's not enough just to be the best. That is why we are taking hooklift technology further

than ever before. Prepare to meet MULTILIFT Ultima: the next generation of hooklifts.

MULTILIFT Ultima is engineered with radical innovations that ensure greater control, safety and productivity in any loading duty. From HiVision™ camera-guided functions and advanced connectivity, to a unique integrated weighing system and intuitive

S ARRIVED

touchscreen controls, Ultima represents a new era for load handling – and for your business.

**The new era has arrived.
Are you ready?**

MULTILIFT ULTIMA PIONEER HOOKLIFT INNOVATIONS

MULTILIFT Ultima is designed to help you get more done with total confidence in the safety of your operators and the surrounding area. It is all thanks to innovative features that combine the powerful strength of a MULTILIFT with a never-before-seen level of control.

HookliftAssist™

Discover enhanced productivity thanks to HookliftAssist™: groundbreaking camera-guided control based on Hiab's proven HiVision™ technology. HookliftAssist™ provides exactly the level of functionality that your loading task requires, with four different levels designed to meet a range of needs.

Total safety in focus

SafePositioning™

The automated MULTILIFT SafePositioning™ detection system safely slides containers into a pre-set position based on their length. This state-of-the-art feature* ensures your containers fit optimally and protects other equipment installed on the trucks, such as cranes.

Integrated Load Weighing

Expensive, third-party indicative weighing solutions are a thing of the past. MULTILIFT Ultima comes with everything needed to maximize your payload while avoiding the risk of overload charges. MULTILIFT's unique system* calculates weight during the loading process, so you can work even more efficiently than before.

* Patent pending

EERING

LoadBoost™

The intelligent Hiab LoadBoost™ system with protective damping automatically adapts hooklift speed according to the weight of the load, so you get maximum productivity without putting safety at risk.

FutureTouch™ Display

Take control to new heights with options for a 7-inch advanced touchscreen display. Steer everything with just one finger, while accessing diagnostic messages, load indicator and weight information and more from a single, convenient unit.

Sequence Performance™

Thanks to Ultima's automatic sequence control, a single lever movement is all that's needed for loading, unloading and tipping. It's never been faster, smoother or easier. Also take advantage of MULTILIFT's unique, optimized hook height loading/unloading sequence with z-unit.

Connectivity

Ultima is designed to give your business a future-proof solution. Your hooklift comes fully ready for connectivity, so you have unlimited possibilities to adapt to tomorrow's demands.

EasyService™

Ultima means ultimate uptime, with a hooklift that is simple to service and maintain. Key components are easy to access and routine checks can be performed with lightning speed. The ability to receive diagnostic reports also gives you the information you need to create the optimal service schedule.

CONTROL ON YOUR TERMS

MULTILIFT Ultima represents a new era of hooklift control, thanks to the launch of Hiab's uControl platform. With three new control system options, uControl provides a smarter solution for a wide range of modern loading tasks.

uControl Base

With our standard control box, you have the right tools at your fingertips to perform your every-day tasks with total ease and safety. You also have the option to integrate connectivity and enhance your performance in line with today's latest solutions.

uControl Flex

When you need to be ready for what tomorrow holds, uControl Flex has you covered. This system gets you started with a range of new, smart control features, while also giving you options for further possibilities in the future. uControl Flex can be configured with optional connectivity as well as a basic screen or the advanced FutureTouch™ display.

uControl Pro

For jobs where professional control is critical, uControl Pro is the obvious choice. Fully loaded with the best innovations from Hiab, it comes ready for connectivity and includes a basic display as standard. The advanced Hiab FutureTouch™ display can also be installed as an option.

Part of the complete MULTILIFT range

MULTILIFT Ultima is just the latest in a long series of pioneering load handling solutions from Hiab. To learn more about the complete range of MULTILIFT hooklifts and skiploaders, visit hiab.com or contact your local dealer.

MULTILIFT LIGHT/MEDIUM

- 2-10 ton capacity
- Sliding (S) movement
- Manual control
- Standard MULTILIFT features

MULTILIFT CLASSIC

- 18-22 ton capacity
- Sliding (S) and Tilting (T) movement
- Manual control
- Standard MULTILIFT features

MULTILIFT OPTIMA 20

- 20 ton capacity that's simply right
- Sliding (S) movement
- Basic control system
- Low weight, low installation height and high operating speed

MULTILIFT ULTIMA

- 14-30 ton capacity
- Heavy and Low-built models
- Sliding (S) and Sliding/Tilting (Z) movement
- uControl next-generation control system with 3 levels of control
- HiVision camera-guided operation on 4 levels
- Built-in HiConnect functionality
- ProFuture models

DELIVER AS PROMISED WITH HIAB SERVICES

When you invest in Hiab equipment, you invest in quality performance to safely and efficiently fulfil your commitments to your customers – every single day.

With Hiab Services, we are here for you throughout your equipment lifecycle, giving the uptime and reliability you need to deliver as promised. With the latest tools, connectivity and a wide network of experts,

we support you whenever and wherever you need us. So you can sleep well at night – every single night.

- **Lifecycle Services**
- **Original Parts**
- **Connected Services**
- **Financial Services**

Securing your original investment

Hiab Original Parts ensure that your Hiab product stays a Hiab product. In other words, they give you the same functionality and quality you invested in from the start – essential for optimal performance, maximum safety and avoiding costly downtime. Our parts are manufactured to the highest standards. They are specially designed for our equipment; guaranteeing perfect fit and the quality necessary for top performance.

You'll find Hiab Original Parts for fast order via our Hiab web shop. Our optimized stock and logistics ensure next-day delivery on almost all items, saving you time and cost.

Produce as planned

Hiab ProCare™ is a flexible service contract designed to secure the uptime of all Hiab equipment. Scheduled and preventive maintenance helps your equipment retain the same high quality you invested in. Using original spare parts and the highest standards, our global service network takes professional care of every piece of your equipment reducing the risk of costly breakdowns and unexpected downtime. Let us take care of all scheduling, maintenance and inspections. By reducing total cost of ownership and increasing the re-sell value of your machine, ProCare brings you total peace of mind. Keep moving to produce as planned and boost your profit.

BUILT TO PERFORM

Hiab is the world's leading provider of on-road load-handling equipment, intelligent services and digitally connected solutions. Hiab's offering encompasses class-leading load handling equipment including HIAB loader cranes, LOGLIFT and JONSERED forestry and recycling cranes, MOFFETT truck-mounted forklifts, MULTILIFT demountables, and tail lifts under ZEPRO, DEL, and WALTCO brands. As the industry pioneer, our commitment is to increase efficiency in our customers' businesses and to shape the future of intelligent load handling.
